Re: Access Permission
Edgecombe County Landfill
2759 Colonial Rd, Tarboro, Edgecombe County, NC
ID#: NONCD0000653

Dear Sir:

The North Carolina Department of Environment and Natural Resources, Division of Waste Management (Division) is currently conducting an investigation of groundwater contamination in the area of your property located at 2759 Colonial Rd, Tarboro, in Edgecombe County, NC. The purpose of this letter is to request your permission to collect the water samples from the water supply wells and other water features located on and adjacent to your property. This sampling will be performed by Division staff or the Division's contractor at no cost to you. You do **not** have to be present to have your well sampled. Samples will be collected from either a faucet at the well or on the exterior of your home, or from a pond or creek. The laboratory results will be forwarded to you as soon as possible. If you are willing to provide permission to sample your well, please sign the attached permission form and return it to our office in the enclosed stamped envelope within 14 days. Upon receipt we will notify you of the planned date of sampling.

If you do not wish to grant permission to sample your well, you are advised have it tested for: --- volatile organic compounds (VOCs) by EPA Method 8260, semi-volatile organic compounds (SVOCs) by EPA Method 8270, metals (Sb, As, Be, Cd, Cr, Cu, Fe, Pb, Mn, Hg, Ni, Se, Ag, Tl and Zn) by EPA Method 6020, ammonia and nitrate by EPA Method 300, sulfate by EPA Method 9056, and 1,4-Dioxane by EPA Method 8260 SIM --- by a private laboratory or the local health department because your well may be contaminated. The private lab or health department will likely charge a fee for the sampling and analyses. Please contact me at (919) 707-8347 or by email at zi-qiang.chen@ncdenr.gov if you have any questions.

Sincerely,

Zi-Qiang Chen, PhD, Environmental Engineer II
NCDENR Division of Waste Management
